(Tour to London)

(Grade-X-XII)

Dated: 23.04.26

Career counseling is a process that helps you understand yourself and the world of work to make informed career, educational, and life decisions in abroad. It acts as a bridge between passion and profession, often summarized by the advice to "find out what you like doing best, and get someone to pay you for doing it" .

"Your career is a journey, not a destination. Enjoy every step along the way."
